

MEDICAL ALERT INFORMATION

BSL-3 CONTAINMENT LABORATORY WORKER

The person carrying this card may have occupational exposure(s) to one or more pathogens listed on the reverse side. Physicians and other healthcare providers needing information about possible exposures or wanting to report a potentially work-related infection should contact EHRS (Environmental Health & Radiation Safety) or Occupational Medicine during business hours. If calling during non-business hours please call the Emergency Department at HUP (Hospital of the University of Pennsylvania).

MEDICAL ALERT INFORMATION

The person carrying this card may have occupational exposure(s) to the following:

SARS-CoV-2

When seeking medical advice for any illness, it is important for the treating physician to be aware that potential occupational exposure(s) to pathogens listed above may have occurred.

- During normal work hours please contact EHRS and ask to speak to a Biosafety Officer at 215-898-4453.

OR

- The University of Pennsylvania Department of Occupational Medicine at 215-662-6110 or 215-662-4047.
- After hours please call the Emergency Department at the Hospital of the University of Pennsylvania at 215-662-3920, and request that Occupational Medicine is notified.
