

Weekly Eyewash Inspection Log

Location _____

Year: 2026

Instructions: Activate emergency eyewash to ensure proper operation.

- Sufficient water flows from eyewash, so that streams of water can reach both eyes.
- Water temperature is cold to warm. Hot, steaming water is unacceptable.
- Water runs clear after an initial flush period.
- If there are any issues with the above or issues with the physical state of the eyewash, talk to your building administrator.
- Keep weekly eyewash inspection log sheet for 3 years.

Schedule: Users of the space where the eyewash is located: Activate eyewash weekly.
