

Managing High-Turnover Containers (not available in all buildings)

THIS METHOD MAY NOT BE USED FOR FLAMMABLE LIQUIDS IN HIGH-RISE BIOMEDICAL LABORATORY BUILDINGS. Those buildings are required to track individual containers of all flammable liquids!

Some labs have a high turnover of certain commodity chemicals, especially solvents. If you keep a stock of these chemicals—and the quantity is consistent—you may wish to have a *representative* inventory of those containers.

Example: At any time, you have a maximum of five 4-liter bottles of acetone in your flammable liquids storage cabinet. You empty these at a rate of 1 bottle every week or two, and you don't want to keep entering them into ChemTracker and then marking them as disposed.

Rather than adding each container to your inventory as you receive it and removing when empty:

- EHRS would create five *representative* containers in your ChemTracker inventory. (Starting with the letters “HT”)
- The information and high-turnover barcodes would be on a *sheet of paper* instead of on the bottles.
- The paper is attached to the cabinet where the bottles are stored.

Example:

Material	Package information	Size	Barcode
Acetone [67-64-1]	Sigma-Adrich Chromsolv for HPLC >99.9%	4 Liter	
Acetone [67-64-1]	Sigma-Adrich Chromsolv for HPLC >99.9%	4 Liter	
Acetone [67-64-1]	Sigma-Adrich Chromsolv for HPLC >99.9%	4 Liter	
Acetone [67-64-1]	Sigma-Adrich Chromsolv for HPLC >99.9%	4 Liter	
Acetone [67-64-1]	Sigma-Adrich Chromsolv for HPLC >99.9%	4 Liter	

Five unique barcode labels

Contact the Chemical Inventory Team (cheminv@ehrs.upenn.edu) to create container records for these materials.

Include the following information when contacting the Chemical Inventory Team about High-Turnover containers:

1. The name of the material
2. The volume/amount of *a single container*
3. The number of containers of the above stated size
4. Any additional label information you would like included (for example: grade, vendor, etc)
5. The location where these materials will be stored.

Contact EHRS if you need us to make any changes to your high-turnover inventory.

High-turnover inventories will be checked by Inventory Team members periodically to ensure accuracy.
