

## Radiation Safety Online Training Instructions

EHRS: 215-898-7187

[kelseyev@upenn.edu](mailto:kelseyev@upenn.edu)

- A. [If you find your name in the search](#)
- B. [If you cannot find your name in the search](#)

### A. If your name does appear in the search:

1. Search for your account by your first and last name
2. Select your name from the options below the search bar.
  - a. Select your correct ID number (in parenthesis)
  - b. And correct Permit number (PI/Radiation Licensee).

EXAMPLE:

**Trainee Information**

\*First Name  
Test2

\*Last Name  
Test2

Search    Name Not Listed

I am, Test Test2 (33080016) working under the following Permit(s):  
R-220 (Radiation Safety),  
R-226 (Radiation Safety)

I am, test test2 (TEMP-0001) working under the following Permit(s):  
R-480 (Radiation Safety)

3. If the ID number (in parenthesis following your name) is not your Penn ID, you will not receive credit in Knowledge Link. Please [contact EHRS](#) and we can make the appropriate changes to ensure you receive credit.
4. Once your name is selected, select the appropriate course.
  - a. If you are unsure what course to take [contact EHRS](#)
5. The quiz at the end of the training must be completed and passed to receive credit.
  - a. You will see a “Course Complete!” message and will be asked to verify your email to complete the certification.
  - b. An email confirmation will be sent to you upon completion.

### B. If your name does not appear in the search:

6. Your name should only appear in the “Trainee Information” search results if you have completed radiation training in the past. If you have never taken radiation training from EHRS, register as a new radiation user.
7. If you have recently changed your name, go back and try your previous name in the search bar.
  - a. Let EHRS know so we can update your account.
8. Otherwise, enter your Penn ID in the Training Registration.
  - a. If you do not have a Penn ID select “No Penn ID”
  - b. A new ID will be assigned to you.

Example:

The screenshot shows a web form titled "Training Registration" with a close button (x) in the top right corner. The form contains two input fields. The first field is labeled "ID #" and contains the text "12345678". To the right of this field is a note: "Penn ID must be recorded to receive credit in Knowledge Link". Below the first field is the text "-OR-". The second field is labeled "No ID #" and is a dropdown menu with "No Penn ID" selected.

9. Enter your First and Last Name and Email
  - a. Lab number or cell phone number is optional
10. Choose a Radiation Permit
  - a. Choose the type of radiation work you will be doing (Select all that apply e.g. you’re a nurse that also requires fluoroscope training: choose Clinical & X-ray).
    - i. Clinical – Category for a doctor, nurse, or technician who will be interacting with patients who have been dosed with radioactive materials.
    - ii. Cyclotron – For those who work in Cyclotron Facility.
    - iii. General use - For non-radiation workers.
    - iv. Irradiator – For those using a cesium irradiator. Not for x-ray irradiator users.
    - v. Research – For those using radioactive materials in a research setting.
    - vi. Sealed Source – For those using radioactive sealed sources.
    - vii. X-ray – For those using x-ray machines like fluoroscopy, x-ray diffraction, electron microscopes, dental x-ray machines, and x-ray irradiators.
  - b. Choose the PI or Radiation Licensee you will be working under.
    - i. Clinical – Choose the department or unit you work in (This does not apply to those taking training for x-ray machines, see section vii.)
    - ii. Cyclotron – The PI of the Cyclotron
    - iii. General Use – Choose the appropriate department or “1 X-RAY USERS” if nothing else applies
    - iv. Irradiator – Choose the PI responsible for the irradiator you will be using. This is assigned after in person training with EHRS.
    - v. Research – The PI who holds the lab’s radiation license
    - vi. Sealed Source – The PI who holds the sealed source license
    - vii. X-Ray
      - For electron microscope training – “1 ELECTRON MICROSCOPE”
      - CT training – Your department (or “1 X-RAY USERS” if your department is not listed)
      - All other X-ray training – “1 X-RAY USERS”
    - viii. If you are unsure which to choose contact EHRS or talk to your supervisor.

- c. Choose the Permit Number.
  - i. Most PI's only have one permit to choose from
  - ii. Select the PI's permit which corresponds to the work you will be doing.
    - If you are doing research, select research
    - If you are working with sealed sources, select sealed sources
    - If you are doing Clinical work, select Clinical
    - If you have questions, [contact EHRS](#)

Example:

The screenshot shows a web form with two dropdown menus. The first dropdown is labeled '\*PI/Licensee' and is currently blank. The second dropdown is labeled '\*Permit Number' and is open, showing three options: 'R-220 RAM Research', 'R-226 RAM Clinical', and 'R-UBR1 RAM Sealed Source'. To the left of the dropdowns are two buttons: 'Reset Form' and 'Can' (partially visible).

11. Once the form is completed select Continue.
12. Select the appropriate course.
  - a. If you are unsure what course to take [contact EHRS](#).
13. The quiz at the end of the training must be completed and passed to receive credit
  - a. You will see a "Course Complete!" message and will be asked to verify your email to complete the certification.
  - b. An email confirmation will be sent to you upon completion
  - c. Select Exit
14. If you are completing multiple trainings DO NOT CLOSE THE BROWSER.
  - a. Once you complete the course you will go back to the training screen. You can enter your first and last name (exactly as you registered) into the search parameters.
  - b. The registration information will automatically be supplied for your second course and the training records will be merged.
